

# NOS ELINGUES

Toutes nos élingues sont fabriquées en respectant les normes strictes européennes. Toutes nos élingues sont éprouvées sur notre banc de traction informatisé de 100 Tonnes, permettant ainsi de tester et vérifier tous les appareils de levage interne et tierce partie.

Nos systèmes de fabrication ont été audités et approuvés par des sociétés telles que **TOTAL GABON**, **TOTAL CONGO**, **SCHLUMBERGER**, **BAKER**, **HALLIBURTON**, **ACERGY**...
